

MACMEL POULTRY PRODUCTION HUB

COMPANY PROFILE

About Us

- Macmel Poultry Production Hub is a sustainable and continually improving specialty poultry production business. Founded in 2024 in Chililabombwe, Zambia, we focus on breeding, rearing, and supplying premium heritage and high-performance poultry breeds.
- We are committed to high standards of animal welfare, biosecurity, and environmental sustainability while delivering healthy, productive birds and fertilized eggs to farmers, households, and commercial clients.

Our Mission

Our mission at Macmel Poultry Production Hub is to provide superior quality specialty poultry and fertilized eggs driven by integrity, innovation, and a strong commitment to animal welfare and sustainability.

We strive to supply healthy, high-performing birds that meet the specific needs of Zambian farmers and consumers.

Our goal is to give you peace of mind by:

- Operating as a sustainable and environmentally conscious farm
- Maintaining a focused range of premium specialty poultry
- Offering expert guidance on breed selection, rearing, and management
- Delivering consistent quality and reliable supply
- Building a dedicated and professional team
- Providing excellent customer service and after-sales support

Our Vision

- We aim to be the leading butchery suppliers of 100% natural meat and meat products in Zambia. Our vision is to consistently exceed customer expectations in quality, freshness, reliability, and service while promoting sustainable farming practices, animal welfare, and contributing to local food security and agricultural development.

Our Specialty Breeds & Products

- **Fertilized Eggs** – High-quality fertilized eggs from all the above breeds, suitable for hatching or consumption.

A photograph of two white ducks standing behind a wire fence. The duck on the left is facing left, and the duck on the right is facing right. The background is slightly blurred, showing some greenery and a brick wall.

Our Specialty Breeds & Products

We specialize in the
following high-quality
poultry

Black Australorps

Beautiful jet-black feathered chickens renowned as exceptional egg layers (up to 300+ eggs per year), with a docile temperament and strong foraging ability. Highly adaptable to Zambian conditions.

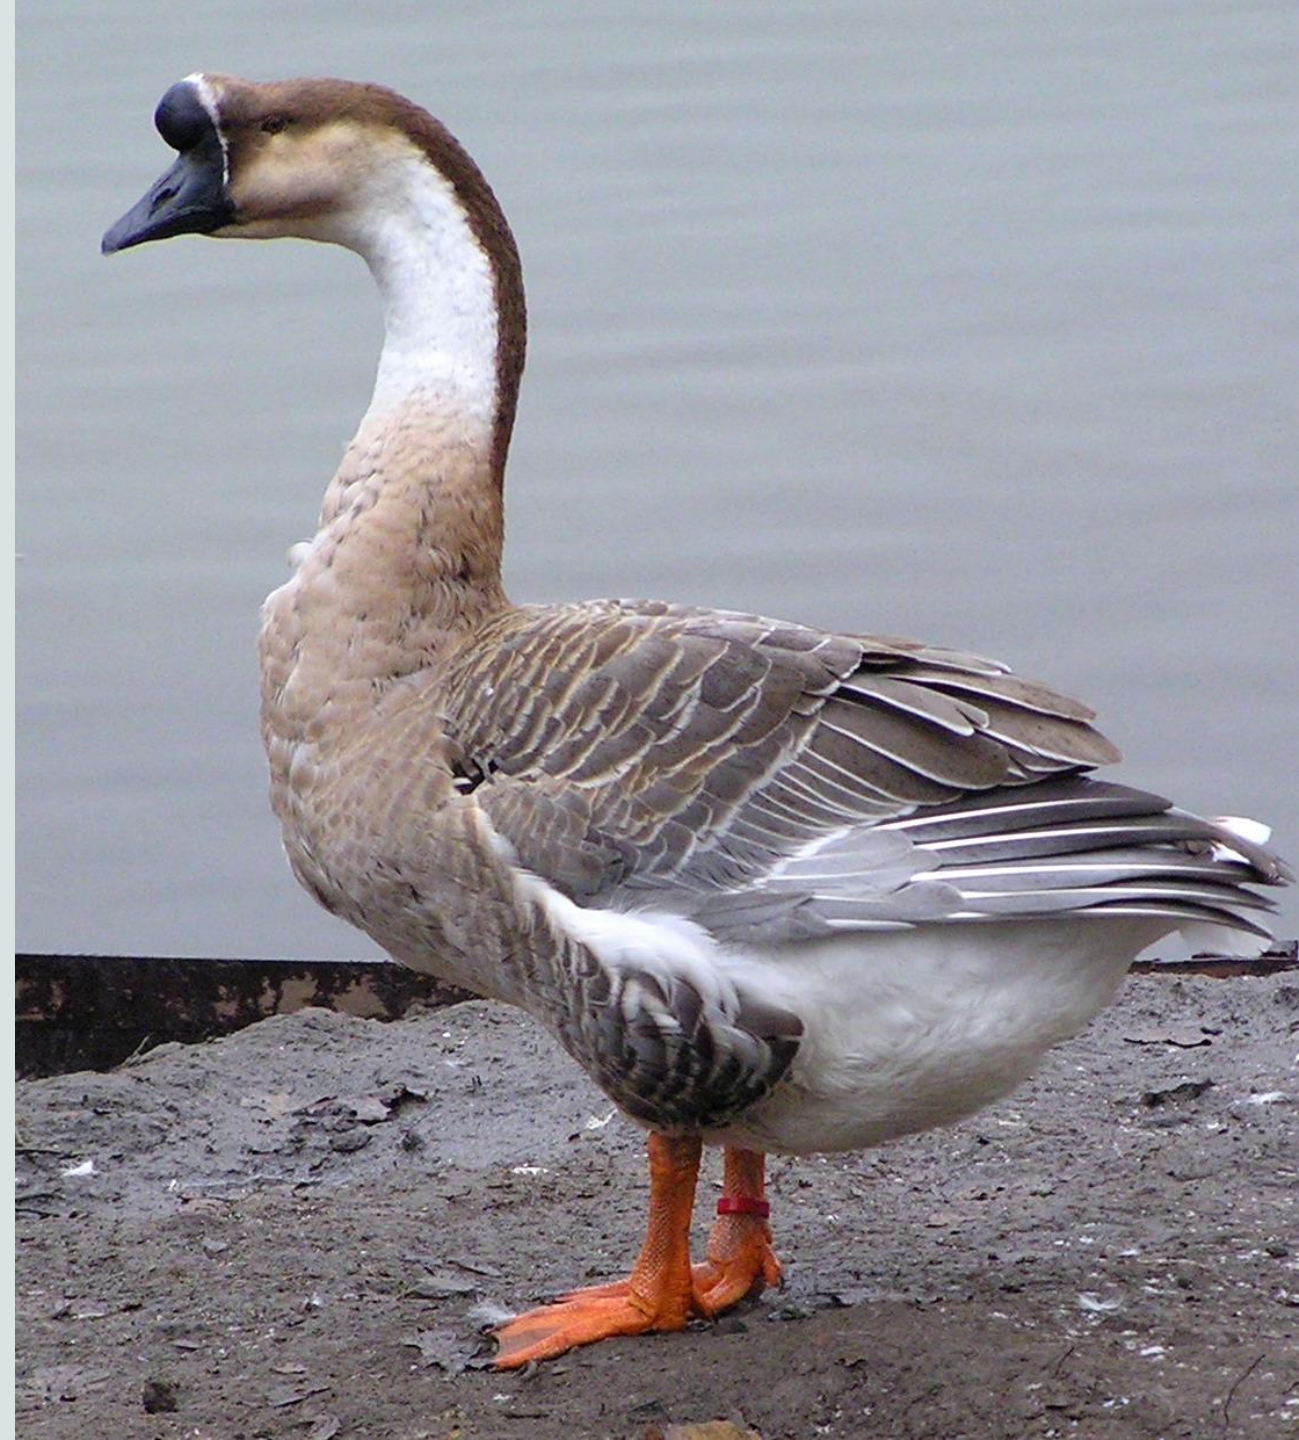

Jumbo Quails

Fast-maturing, high-yield quails prized for their delicate, flavorful meat and nutrient-rich eggs. Excellent for small-scale and commercial production due to their short production cycle and high profitability.

Chinese Geese

Large, hardy geese with excellent foraging ability, ideal for meat production and natural weed/pest control. They are good watch animals and produce rich meat with a unique flavor.

Brahma Chickens

Large, gentle “gentle giants” with feathered legs and striking appearance. Excellent dual-purpose breed providing substantial meat and good egg production. Very calm and cold-hardy.

Fertilized Eggs

High-quality fertilized
eggs from all the above
breeds, suitable for
hatching or consumption

Why Choose Macmel?

Breed Purity & Quality – Carefully selected and maintained genetics for optimal meat yield and taste

100% Natural Meat – No hormones or unnecessary antibiotics – naturally raised birds

Health Guarantee – Strict biosecurity, vaccination, and disease prevention protocols

Expert Advice – Detailed guidance tailored to each breed (housing, feeding, health management)

Sustainability – Emphasis on free-range and semi-intensive systems with eco-friendly practices

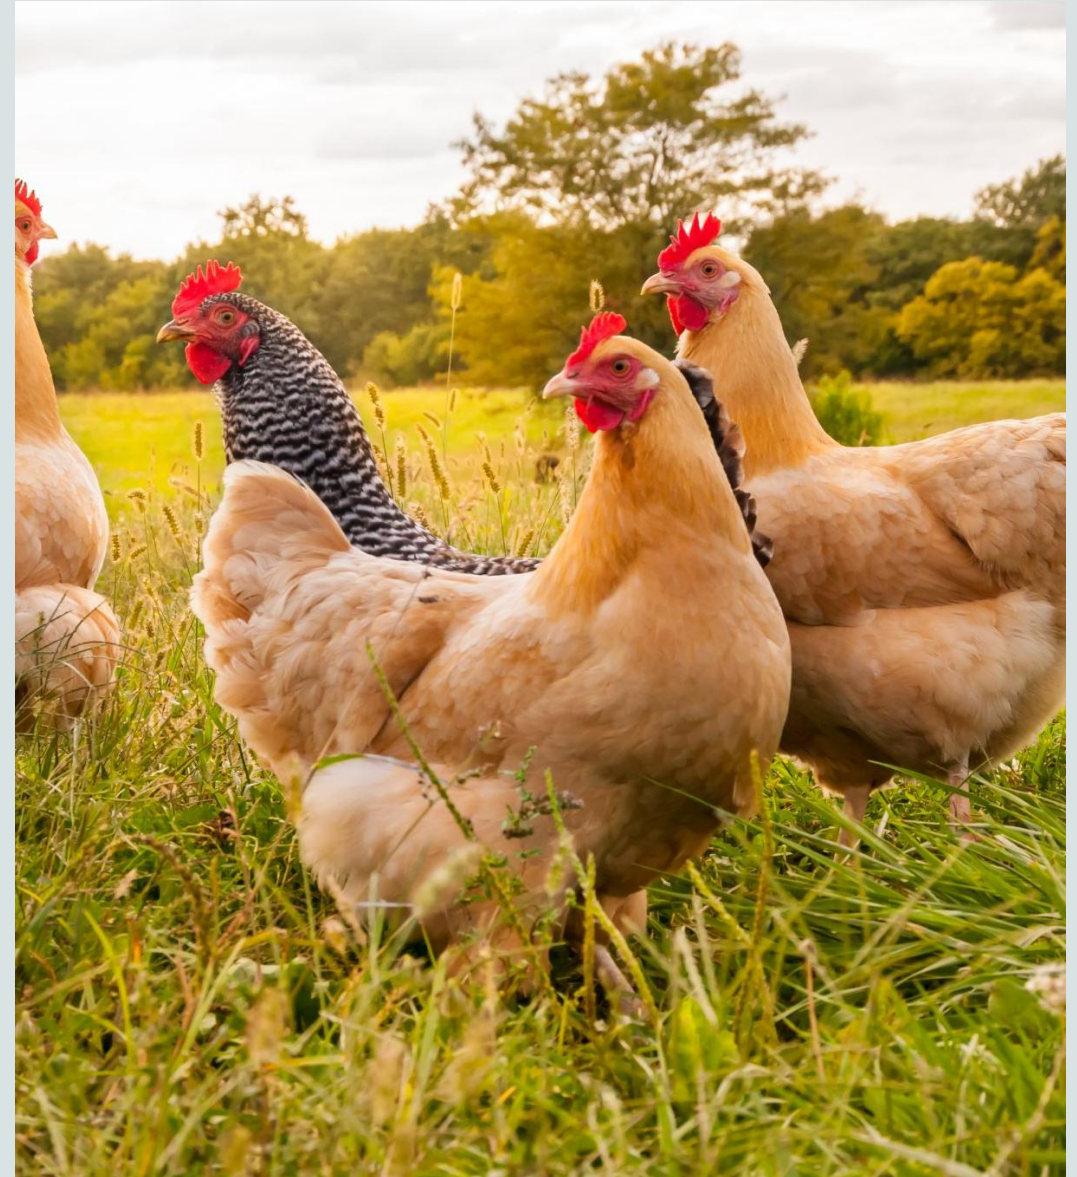

Reliable Supply – Consistent availability from our hub in Chililabombwe to butcheries and markets

Our Portfolio

Our Portfolio

Since 2024, Macmel Poultry Production Hub has successfully supplied healthy Pekin Ducks, Jumbo Quails, Black Australorps, Chinese Geese, and Brahma Chickens to farmers, butcheries, and projects across Chililabombwe and the Copperbelt region. We continue to expand our breeding stock and incubation capacity to meet the growing demand for 100% natural specialty poultry meat.

The Team

- Our experienced team brings together expertise in specialty poultry breeding, husbandry, incubation, and customer support. We are passionate about raising healthy, productive birds and helping our customers succeed.
